ACCOMMODATION

Accommodation is at the nearby Aurora Kakadu Resort. With air-conditioned rooms, an in-ground pool, Bar and Restaurant, this is an ideal base.

WHAT TO EXPECT

The South Alligator River offers a wide range of fishing options from chasing Barra in the river to Jewfish and Golden Snapper on the reefs. On an extended tour you can get the best of both worlds (tides permitting), one day you can be chasing Barra either upstream or downstream and the next a trip out the mouth after some hard fighting Jew Fish and Golden Snapper on the reefs.

We are more than happy to fillet, freeze and package your catch to take home. We encourage release of fish surplus to your needs and strongly suggest that fish over 90cm are carefully released.

OPTIONS

This tour is available from two to 7 days.
